Brand Essence

Lend isn't a typical rental app. It's a fully documented digital rental journey, combining the ease of modern apps with the security of legal contracts.

Core Promise

Smart, documented rentals — every transaction backed by a digital promissory note. No worries.

Personality Pillars

Smart

Every detail is considered. It doesn't make you think.

Trusted

The digital promissory note is the heart of the product.

Modern

Not a government app. Not a paper contract.

Direct

Human language, not heavy legalese.

Primary Audience

The Renter — a young customer looking for a flexible, trustworthy rental experience for their temporary needs, with confidence in their legal rights every step of the way.

Logo System

The logo represents the complete rental cycle: the top navy arc signifies pickup from the store, the bottom green arc signifies a documented return, and the central dot represents the platform that certifies every step.

LEND

Primary

On Dark

Monochrome

Usage Rules

- Never alter the logo's proportions or original colors.
- Maintain clear space around the logo equal to half the diameter of the central dot.
- Minimum size: 24px for digital, 10mm for print.

- Do not place on backgrounds that conflict with the primary colors.

Color Palette

A palette that balances gravity with energy — deep navy communicates trust and professionalism, while the vibrant green delivers momentum and warmth.

Primary Colors

Deep Navy

Typography

Two typefaces that reflect Lend's smart, modern personality — aligned with global technical standards.

LATIN · INTER

Rent with trust

Inter — the most widely used typeface in modern SaaS and fintech. Highly legible on any screen size, with a full weight range.

ARABIC · IBM PLEX SANS ARABIC

استأجر بثقة

A modern Arabic typeface by IBM, with six weights, designed for both screen and print.

Pairs seamlessly with Inter — same tone, same tech-forward feel.

Type Scale

Core Brand Slogan

Lend's permanent core slogan — used in the app, on the website, in official documents, and across all corporate communications.

CORE SLOGAN

**Rent with confidence.
Document your **right**.**

استأجر بثقة. ووثق **حقوقك.**

Why This Slogan?

It ties together the service promise (Rent) with the unique value proposition (Document your right). Two short phrases that are easy to memorize and repeat, capturing what makes Lend different from any other rental app.

Where to Use It

- App welcome screen
- Website header
- Signature line in official correspondence
- Documents and presentations

Usage Rules

- Always set in the official typefaces
- Keyword ("right" / "حقوقك") in green when possible
- Never translate literally beyond English
- Remains constant — never changes seasonally

Campaign Slogans

Seasonal and campaign-driven slogans designed to persuade customers that renting is smarter than buying. Each targets a different reason people default to purchase.

English Campaigns

CAMPAIGN 01 · PHILOSOPHY

Own the moment. Not the item.

Delivers a philosophical shift — what matters is the experience, not the object. Ideal for emotional campaigns and visual storytelling.

CAMPAIGN 02 · DIRECT

Why buy what you'll wear once?

Attacks single-use purchases head-on. A question that forces reflection — perfect for short-form ads and direct social posts.

CAMPAIGN 03 · GEN-Z

Less clutter. More style.

Speaks to a generation that values simplicity and minimalism. Well suited for Instagram, TikTok, and partnerships with contemporary brands.

CAMPAIGN 04 · GLOBAL SHIFT

Access over ownership.

Arabic Campaigns

Arabic campaign slogans tailored to the local audience — each addresses a specific psychological barrier that keeps customers buying instead of renting.

CAMPAIGN 05 · DAILY PAIN POINT

دولابك ما يتسع لكل مناسبة.

"Your closet doesn't fit every occasion."

Addresses a real daily struggle — limited closet space versus the need for variety at every event. Renting solves both problems at once.

CAMPAIGN 06 · WASTED SPEND

لا تدفع ثمن التخزين.

"Don't pay for storage."

Confronts what customers already know internally — most of their purchases end up sitting in storage after one use. Wasted space, wasted money.

CAMPAIGN 07 · LUXURY ACCESS

جرب فخامتها. بدون فاتورتها.

"Try the luxury. Skip the price tag."

Speaks to the aspiration of experiencing premium brands within a realistic budget. Opens the door to a new segment previously unable to access luxury.

Voice & Tone

How does Lend speak to its customers? Direct and human, confident without arrogance, practical without legal stiffness.

Writing Principles

Direct & Human

"Sign your note" instead of "Execute the electronic signature on the promissory note"

Positive & Practical

"Ready for pickup" instead of "Pickup has not yet occurred"

Confident, Not Arrogant

"Pick up from the store" instead of "Please proceed to the designated pickup point"

Honest & Clear

We say what's true, without overselling or softening.

Say / Don't Say

✓ SAY

Your note is documented.

✗ DON'T SAY

Congratulations! We've completed the documentation process!

✓ SAY

Pick up your item from the store.

✗ DON'T SAY

Please proceed to the authorized pickup point.

✓ SAY

Ready to return?

✗ DON'T SAY

Would you like to initiate the return process now?

Brand Applications

Examples of the identity applied across different customer touchpoints.

**Own the moment.
Not the item.**

Rent what you need. Return it when
you're done.
